REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The specific limitation as to the use of peripheral apertures defined by a space between mutually parallel sections contained in a drum was discussed during the personal interview with applicant's attorney dated 07/08/03. During said interview, it was agreed that the device/apparatus claims are patentable over the art of record, and it was suggested to cancel the product claims 17, 18, 21 and 22. Applicant's amendment dated 03/10/04 cancel the product claims. Regarding to the term "member for feeding", applicant's attorney indicated that there are many conventional members for feeding a drum and for supplying gas, and therefore, one of ordinary skill in the art would understand the scope of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 1-16, 19, 20, 24 and 25 are allowed.
